## **Appearance**

All staff members are expected to dress in a very professional manner. Neatness and cleanliness are also important. Teachers are role models for students. Since work days often become conference days, care should be taken to look professional on those days. Flip-flops, tennis shoes, T-shirts and high above-the-knee split skirts are inappropriate for school days. City shorts are allowed but the shorts must be part of a professional suit or outfit. School shirts, school uniforms, and educational theme outfits are appropriate. The addition of a blazer or cardigan to the uniform gives a business/professional appearance. All teachers should wear safe shoes for comfort and for professional appearance.

child or the sale and/or possession of a controlled substance, but in any event before contact with students. All employees are subject to all rules under the Ethics in Education Act.

### **Assemblies/Programs**

Most assemblies require the attendance of all students, teachers, and paraprofessional. They must attend unless permission from the office is received for another assignment. This includes staff with classes and those without class who are on planning. If the content is relevant to all students, staff members should also be aware of the information and able to follow up with discussion as needed.

### **Attendance and Promptness**

Because we serve the public, the importance of getting to work on time and being present every day is most important. The public expects and has the right to demand prompt and efficient service. Work hours for teachers are 7:30 a.m.-3:15p.m. All staff must sign in promptly on arrival and out. Do not sign in/out for anyone else. If you must be absent, it is your responsibility to notify an administrator and your substitute at once. Excessive absenteeism or tardiness may be grounds for disciplinary action or dismissal.

### **Attitude**

When dealing with people, you are reminded to be pleasant, courteous, kind, and considerate. Be a professional person, both in and out of school. Be careful about your “out of school” comments about “in school” matters. Set a good example. What you say and believe can be destroyed by just one bad comment. Setting a good example is important to your success as a school staff member.

- When a new student enters your classroom, accept him/her as though it were the first day of school.
- Support your school and its policies.
- Be enthusiastic and positive about your school
- Let everyone around you know by your spirit, attitude, and cooperative spirit that the welfare of the entire school is important to you.

Abuse Registry by calling 1-800-96-abuse. You are required by law to confirm your verbal report in writing in 48 hours of making a verbal report to the registry.

### **Classroom Appearance**

Teachers are responsible for the appearance of their instructional and planning areas. Students consider it an honor to help maintain a neat, clean classroom. At the end of the day, every class member should pick up papers, pencils, and crayons off the floor. It is also greatly appreciated by the custodial staff if all classroom chairs are off the floor at the end of the day, either on the desk or stacked in corners. Books should always be stacked neatly on shelves. Bulletin boards and other displays should be neat and attractive. Teachers should organize and clean off their desks, counter tops, and storage areas at least monthly. Office areas should be maintained in a neat and orderly fashion. All students should be taught by the adults to pick up paper in the classrooms, cafeteria, on the walks and in the yard. No person on campus should pass by paper without picking it up. It takes all of us to keep our building presentable.

Because of advance preparation, it gives the opportunity to locate resources.

Third, a substitute will be able to carry on for you in case of your absence. General information is to be placed in front or back of Plan Book: a. Substitute Folder, b. Daily Schedule, c. Discipline Plan

### **Mailboxes**

Personal mailboxes are provided for each teacher, paraprofessional, and support personnel. Please check your mailboxes daily in the morning and afternoon. All messages will be placed in your mailbox.

### **Professionalism**

BAMS shall maintain a high level of professionalism at all times. Staff members should not discuss students or other staff members in the lounge, lunchroom, or public areas. It is extremely important that remarks about students, school personnel, or school decisions never be discussed in the presence of students, parents, or visitors or away from school. We should always support our school and our school personnel. All of our teachers are certified and qualified. Do not make recommendations for placement to parents, friends, colleagues. If two staff members disagree, the discussion should take place privately or in the presence of an administrator or mediator. Adults should refrain from angry discussions in front of students.

### **Workman's Compensation**

If you are injured on the job, you are protected by the Florida Workers' Compensation Law. If you are hurt on the job, regardless of how slight an injury, report it to your supervisor or principal. You may think the injury insignificant at the time, but it could develop into something that requires medical care, and a report should be on file for you to receive treatment. This benefit is provided by state statute, and there are rules and procedures both you, as an employee, and your employer must follow. Further, there are stiff penalties for fraud. BAMS provides safety equipment that must be used when engaging in certain activities. Be sure to use this protection because you could be penalized if you are injured while not doing so. A good example is a car seat belt. Using it not only protects you against injury but protects your rights under Workers' Compensation and your ability to recover from the responsible party. Drug testing will be conducted for all on the job injuries.

## **DRUG-FREE WORKPLACE**

### **AN OPEN LETTER TO THE EMPLOYEES OF**

#### **Berkley Accelerated Middle School**

We have come to recognize that substance abuse is an on-the-job problem, as well as a social problem, for all of us. We believe abuse of alcohol and use of illegal drugs endangers the health and safety of the abusers and of others around them.

This company has committed to creating and maintaining a drug-free workplace without jeopardizing the job security of valued, but troubled, employees, provided they are prepared to help us help them.

Our policy now formally states that substance abuse will not be tolerated during working hours or on the company premises, including the parking lots. This prohibition includes the possession, use or sale of illegal drugs or alcohol.

Employees who are found to be under the influence of illegal drugs or alcohol or who violate this policy in other ways are subject to disciplinary action, which may include termination. Because of the serious nature of these violations, each individual case will be thoroughly investigated to determine the appropriate course of action.

It is important that all of us work together to deal with substance abuse and other personal problems to make a safer and even more rewarding place to work.

Sincerely,

Jill Bolender

Principal

## **SUBSTANCE ABUSE PROGRAM**

### **I. STATEMENT OF POLICY**

**August 1, 2010**

In a commitment to safeguard the health of our employees and to provide a safe environment for everyone, Berkley Accelerated Middle School (BAMS) has established a drug-free workplace policy.

The ultimate goal of this policy is to balance our respect of individual privacy with our need to keep a safe, productive, drug-free environment. We would like to encourage those who use illegal drugs or abuse alcohol to seek help in overcoming their problem. Employees who do so will be able to retain their job position in good standing.

While this company understands that employees and applicants under a physician's care are required to use prescription drugs, abuse of prescribed medications will be dealt with in the same manner as the abuse of illegal substances.

Employees are given notice as of the above date that it is a condition of employment to refrain from reporting to work, or working with the presence of drugs or alcohol in his or her body. Employees are subject to drug testing under the standards of this policy on October 1, 2010, which is 60 days from the above date.

This policy is implemented pursuant to the drug-free workplace program requirements under Florida Statute 440.102 and Administrative Rule 59A-24 of the State of Florida Agency for Health Care Administration.

### **II. DEFINITIONS**

**A. "Legal Drug"**- Prescribed drug or over-the-counter drug which has been legally obtained and is being used solely for the purpose for which it was prescribed or manufactured.

**B. "Illegal Drug"**- Any drug (a) which is not legally obtainable, (b) which may be legally obtainable but has not been legally obtained, or (c) which is being used in a manner or for a purpose other than as prescribed.

### **III. POLICY AND WORK RULE**

The policy of Berkley Accelerated Middle School is to employ a work force free from use of illegal drugs and abuse of alcohol, either on or off the job. Any employee determined to be in violation of this policy is subject to disciplinary action, which may include termination, even for the first offense.

It is a standard of conduct for employees of the company that no employee shall report to work or work with the presence of illegal drugs or alcohol in his or her body. In order to maintain this standard, the company shall establish and maintain the programs and rules set forth below.

#### **A. Drug Testing of Applicants**

All job applicants at this company will undergo screening for the presence of illegal drugs as a condition for employment.

Any applicant with a positive test result will be denied employment at that time but may initiate another inquiry with the company after six months.

## **B. Drug Testing of Employees**

Berkley Accelerated Middle School will maintain screening practices to identify employees who use illegal drugs or abuse alcohol, either on or off the job. It shall be a condition of continued employment for all employees to submit to a drug screen:

1. **When there is a reasonable suspicion** to believe that an employee is using or has used illegal drugs or is abusing or has abused alcohol;

Circumstances that could be indicators of a substance-abuse problem and considered reasonably suspicious are as follows:

- Information that an employee has caused, or contributed to, an accident while at work. “Accident” includes injury to person(s) and/or damage to equipment or property.
- Observable phenomena while at work-such as direct observation of drug use or of the physical symptoms or manifestations of being under the influence of a drug.
- Abnormal conduct or erratic behavior while at work or a significant deterioration in work performance.
- A report of drug use provided by a reliable and credible source and independently corroborated.
- Evidence that an individual has tampered with a drug test during his employment with the current employers.
- Evidence that an employee has used, possessed, sold, solicited or transferred drugs while working or while on the employer’s premises or while operative the employer’s vehicle, machinery or equipment.

Whenever possible, the supervisor should have the employee observed by a second supervisor or manager before requiring testing. Employees who refuse substance testing under these circumstances will be terminated and forfeit workers’ compensation medical and indemnity benefits.

### **2. As a follow-up to Employee Assistance.**

If the employee, in the course of employment, enters an Employee Assistance Program or a drug rehabilitation program, the employer must require the employee to submit to a drug test as a follow-up to such program, unless the employee voluntarily entered the program. In that case, follow-up testing is optional. If follow-up testing is required, it must be conducted at least once a year for a two-year period after completion of the program. Advance notice of a follow-up testing date will not be given to the employee.

3. **When the test is conducted as part of a routinely scheduled employee fitness-for-duty medical examination** that is part of the employer’s established policy or that is scheduled routinely for all members of an employment classification or group.

4. **At other times and under such circumstances as deemed appropriate** by company management and current state and/or federal standards. Employees will be given adequate notice of any additional/change/deletion in the company’s drug testing requirements.

### C. Employee Assistance Program

Berkley Accelerated Middle School does not maintain an Employee Assistance Program (EAP). The purpose of an EAP is to provide help to employees and their families who suffer from alcohol, drug abuse or other problems. We do, however, maintain a list of local providers of employee assistance, drug and alcohol treatment and family services that employees may access without company involvement.

It is the responsibility of an employee to seek assistance from an EAP *before* alcohol and drug problems lead to disciplinary actions. Once a violation of this policy occurs, subsequently using an EAP on a voluntary basis will not necessarily lessen disciplinary action and may, in fact, have no bearing on the determination of appropriate disciplinary action.

An EAP will provide appropriate assessment, evaluation and counseling and/or referral for treatment of drug and alcohol abuse. Such employees may be granted leave with a conditional return to work, depending on successful completion of the agreed-upon appropriate treatment regimen, which may include follow-up testing.

The cost of seeking assistance from an EAP or other provider will be the responsibility of the *employee* and is subject to provisions of the company's health insurance plan, if any. Please consult the provider for specifics concerning this issue.

#### **Parent Conferences:**

Communication with parents is an integral part of the educational process. Each teacher is responsible for their own communication for individual concerns. Teachers are encouraged to have regular contact with parents. Positive phone calls, correspondences, and conferences regarding progress and successful experiences, exchanging information, and establishing rapport and communication lines are equally important as those that are necessary due to any problems.

Parent Conferences are to be scheduled on Mondays, Wednesdays, and Thursdays. It is the responsibility of the team to schedule their conferences. The team leader will designate a team member to schedule team meetings. All teachers are expected to attend parent conferences as a team. If an emergency prevents a teacher from attending a scheduled conference, the teacher should contact the parent to discuss the student's classroom status and address any concerns of the parent.

A written summary of each conference must be kept by the team leader to document the reason for the meeting, those in attendance, discussion topics during the meeting, and the resolution/action taken to improve the student's situation.

**Student Support:** During the school year, students and/or families may have financial challenges. Notify the office if you have a student unable to purchase necessary materials for a project or the student has another specific need.

**Clinic Procedures:** Students who become ill at school must obtain a clinic pass from their teacher and report to the clinic. ALL accidents or injuries MUST be reported immediately and administrators notified if warranted. An accident report will be filed. It is the responsibility of the employee who witnessed the accident to fill out the accident report before leaving school on the day the accident occurred.

ALL medicines will be kept in the office clinic. Students must not possess prescription or non-prescription medication at any time. See the Code of Conduct and the district's policy concerning medications. The only items a student is allowed to carry are: sunscreen, eye solution and chap stick.

**Animals in the Classroom:** Animals are NOT to be kept in the classroom at anytime without the written permission of administration for EACH and every occurrence. The type of animal and duration of time in the classroom must be specified.

**Items in Staff Work Areas:** Staff work areas are for staff members. Do not send students to get coffee or items from your boxes. Also, refrigerators and microwaves are for staff use only. Do not put student items in them.

**Lunchroom Procedures:** Teachers will collect lunch money during homeroom. All money collected must be in an envelope with the students first and last name and ID number.

1. Students should enter the lunchroom in an organized manner under the direction of the teacher.
2. Before leaving their seats, students must clear the area around them for paper and food on the floor and table.
3. Teachers are to follow the assigned schedule on entering and leaving the lunchroom. Teachers are not to arrive before their scheduled time and must be **waiting** on students at designated area at their designated time. Lunch schedules are extremely tight and ALL teachers

must be respectful of those on duty and other classes trying to enter and leave the lunch area. It is the responsibility of each teacher to ensure they are aware of the time.

**Custodial Procedures:** A clean and organized classroom is a reflection on the teacher. Before leaving each day, each staff member must remember to have their last period class help tidy the room and stack the chairs. Students should help pick up trash and other items off of the floor, desks, and tables. The custodian is responsible for sweeping/vacuuming/mopping floors and emptying the trash. However, it is the classroom teacher's responsibility to keep excess mess cleaned up.

**Timesheets:** All staff are required to sign in and out each day on their time sheet. Never sign a timesheet for another staff member.

**Duty:** Each staff member will serve various duties during morning arrival and afternoon dismissal. All teachers will walk their students to the bus lines and monitor the students each day. Each staff member will be assigned one night time dance/event to chaperone.

**Committees/Clubs:** All staff will serve on a minimum of one committee. Club activities provide enrichment to our academics. All teachers are expected to sponsor a minimum of one club. Administration approves and designates all staff appointments to clubs and committees.

### **Media Information:**

**Usage Policy:** Failure to follow the video and DVD and video GAME policy may result in disciplinary action, which may include possible termination or legal action.

Prior to showing a video/DVD or video game, these steps MUST be taken:

1. ALWAYS PREVIEW COMPLETELY FIRST!
2. Verify the rating of the item you intend to show. NO "R" rated videos/DVDs are appropriate for classroom use. These are forbidden from being shown under any circumstances. It is MANDATORY that parental approval be given before viewing "PG 13" or its equivalent, video/DVDs/video games.
3. Document in your lesson plan how the video/DVD/video game DIRECTLY supports your curriculum-based lesson.
4. If a staff member intends to rent a video/DVD/game from a local establishment, Section 110 (1) of the copyright law dictates that these videos/DVDs may only be shown for educational purposes in a face-to-face setting, not broadcast over the closed-circuit television system. They may not be shown for entertainment, filler, motivation, nor reward, etc. This also applies to employee or student owned videos/DVDs. Any educator who rents a video/DVD for school use must fill out the "Request to Use Rental Video in Classroom" form. This form requires administrative approval.

**Further Recommendations to Consider:**

1. Limit the student viewing time of videos/DVDs. It is not always necessary to show the entire video to support your curriculum needs.

2. Be very selective of the content. Videos must be appropriate, relevant, of educational value, and on the students level.
3. Parents and teachers often have videos they want to share with students. Be sure these videos meet all the above criteria.
4. Please consult the Cable in the Classroom programming guide for specific information on the retention of certain educational programs. The website is <http://www.ciconline.com>.

A "Request to Show "PG-13" Video/DVD form is available from an administrator and must be completed by the teacher well in advance of the viewing and approved by the administrator before viewing. Also, a "BAMS Video/DVD Permission Form" for parent approval can be obtained from an administrator once the viewing has been approved.
