Florida Law requires each school to notify parents of all the students in a class that is being served by a teacher who is assigned teaching duties dealing with the subject matter that is outside the field which the teacher is certified. This roster lists all the contracted teachers at our school, by their position titles, and a notation of any out-of-field assignments. If you see a notation by your child's teacher's name that he/she is teaching out-of-field certification and the district monitors progress toward compliance.

Teachers marked out-of-field in ESOL are already certified in the subject being taught, but are working toward a special endorsement (English to Speakers of Other Languages) that is required to teach Limited English Proficient students.
