Goals of the Day

1. Apply good etiquette and safety habits when using e-mail.
2. Distinguish among the various forms of spam.

Email Netiquette (Professional Email)

Follow this list to maintain email netiquette:

- Write with a respectful and **restrained** tone

Spam

- Spam is junk e-mail sent in **bulk** from imposters and other untrusted sources.

-

Comparing Mail & Email Etiquette Activity

Go to Google Classroom for Technology and locate “[Comparing Mail & Email Etiquette Activity](#)”

- 1) You will first match the items in the given list to either email or snail mail (regular mail). This activity will show you the **similarities and differences** between the two.
- 2) Next, you will use your **reasoning skills** to determine if each of the given statements about email is true or false.
- 3) For the last part, given steps to ensure you have proper email etiquette, you will **engage in a cognitively complex** task where you will *experiment with the use of proper email etiquette to generate an email*.
 - Once done, check your answers and review over explanations. Then, **revise your answers** as necessary.
